

The Idea Behind VIP

The Volunteer Incentive Program is an organization established to create meaningful fundraising opportunities for our local youth. The VIP accomplishes this by providing financial support to youth teams, clubs, and organizations who serve in the community.

The Volunteer Incentive Program's

Core Values:

- Inspire Good Citizenship
- Promote a Strong Work Ethic
- Foster Civic Pride

Volunteer Incentive Program

Our Mission

To support our youth by incentivizing them to serve in the community.

Maximize the impact of **your** contribution.

How it Works!

The Volunteer Incentive Program “pays” youth teams, clubs and groups, \$8 per hour for time they spend volunteering in the community. The VIP **maximizes the impact** of your contribution by supporting both the youth groups and the non-profit organizations receiving the volunteer help. Rather than making the difficult decision of who to support, a single donation can benefit multiple groups, or you can designate your donation to benefit the group of your choice.

Business Benefits

- Consolidates the donation process. A single donation to VIP benefits multiple student organizations.
- VIP is 100% tax deductible.
- The money donated to the VIP fund is invested in our youth, then reinvested in the community through service...a double return!

Community Benefits

- Increases the volunteer pool available to non-profit organizations.
- Instills civic pride by educating and involving youth in the needs of the community.
- No more buying donuts, candy bars, raffle tickets. The money invested is put to great use!

Youth Benefits

- Creates a positive fundraising experience and team building opportunity supported by the community.
 - Teaches youth that sponsorship of their activity is not an entitlement, but like anything one wants in life, needs to be earned.
 - Gives youth the opportunity to experience the gratification of helping others, and to recognize that our world needs their contribution.
